

# King Air B200

Typical pre-owned acquisition cost: \$1M-\$2.5M

## About the King Air B200:

- 325 mph cruise speed
- 1800 statute mile range
- 8 passenger seats

The Beechcraft King Air 200 remains one of the most popular turboprop aircraft for both business aviation flights and personal leisure trips. The King Air 200 has one of the most spacious and comfortable passenger cabins in its class and can easily accommodate up to eight passengers and baggage.

The King Air 200 is best suited for short to mid-range flights under 1,000 miles and has the capability of landing at smaller airports or airports where traditional jet aircraft may not be able to land.

## Sample trips out of Atlanta:

Destination	Time en route
